The Moonee Ponds Courthouse Museum has many photos, documents and memorabilia relevant to the history of the Moonee Valley District.

This collection enables Volunteer Members of the Essendon Historical Society to provide many people with invaluable information about former residents and the history of properties, businesses, local sport and community clubs and groups.

Sadly, after 125 years, the building is in need of major repairs in order to maintain its place as an important community asset.

Each tile purchased will assist Essendon Historical Society to restore the Moonee Ponds Courthouse Museum.

Along with the *Memory Lane Garden*, the Courthouse Museum will continue to be an outstanding community landmark in the Moonee Valley District for current and future generations.

This project is supported by the Lions Club of Essendon

**No matter where you live now,
you can place your order on the Order Form over page
